PRODUCT

LAYERED DRUM PENDANT LIGHT

SHFFELLBL001

DESCRIPTION

This Layered Drum Pendant Light hangs from the ceiling on a rod with a warm brushed finish and two concentric drum shades - a darker outer fabric drum and a white inner drum - creating a layered, two-tone pendant form that emits light downward through the inner drum base and outward through the outer shade gap. It suits hotel lobby seating area ceiling positions, boutique hospitality breakfast lounge pendant installations, and common area overhead lighting where a layered two-shade drum pendant brings a warm, considered character to the space below.
