PRODUCT

ADJUSTABLE ARM TASK DESK LAMP

SHFFELDL008

DESCRIPTION

This Adjustable Arm Task Desk Lamp sits on a weighted flat disc base with a matte brushed nickel finish and a long adjustable arc arm that extends the cylindrical shade outward and downward over the desk surface. At 21 inches tall with a 16-inch arm reach and a focused cylindrical shade at the arc end, it suits hotel guestroom writing desks, boutique hospitality suite task surfaces, and business-class room work areas where an adjustable arc task lamp that delivers directed, repositionable light over the work surface is the desk lighting standard.
