PRODUCT

MINIMAL DRUM FLUSH CEILING LIGHT

SHFFELHL002

DESCRIPTION

This Minimal Drum Flush Ceiling Light mounts directly to the ceiling on a slim canopy with a brushed nickel finish and a clean circular drum body that sits flush against the ceiling surface with no decorative detail or perimeter element. At 14 inches in diameter with a 4-inch ceiling profile, it suits contemporary hotel corridor ceilings, minimalist hospitality entrance area ceiling positions, and modern property hallway lighting installations where a plain drum flush mount delivers an even, unobtrusive ceiling light that does not draw visual attention to itself in the corridor.
