PRODUCT

DUAL PANEL FRAME SCONCE LIGHT

SHFFELSL010

DESCRIPTION

This Dual Panel Frame Sconce Light mounts to the wall on a structured frame back plate with a dark finish and two panel shade elements at different positions within the frame. At 20 inches tall, it suits contemporary hotel corridor walls, boutique hospitality suite accent positions, and common area wall lighting installations where a dual-panel sconce provides layered wall light from two shade levels in a Dual wall fixture.
