PRODUCT

LANTERN STYLE SCONCE LIGHT

SHFFELSL004

DESCRIPTION

This Lantern Style Sconce Light mounts to the wall on a bracket arm with a dark finish and a structured lantern enclosure that emits light through its open panel sides. At 14 inches tall with a 7-inch lantern enclosure, it works well in boutique hotel entrance walls, traditional hospitality corridor lighting positions, and suite hallway installations where a lantern-form wall sconce contributes a warm, atmospheric quality to the wall.
