RING ACCENT SCONCE LIGHT

SHFFELSL007

DESCRIPTION

This Ring Accent Sconce Light mounts to the wall on a slim back plate with a brushed finish and a circular ring light element that projects forward from the wall surface. At 10 inches in diameter and 6 inches of wall projection, it suits boutique hotel suite accent walls, contemporary hospitality corridor feature positions, and design-led guest room wall installations where a ring light sconce contributes an atmospheric halo quality to the wall.
