PRISM BLOCK VANITY LIGHT

SHFFELVL003

DESCRIPTION

This Prism Block Vanity Light mounts horizontally above the mirror on a structured bar with a brushed nickel finish and three rectangular prism block shades mounted in a row along the bar, each shade emitting light through frosted glass on all four vertical faces. At 28 inches wide with three prism block shades, it suits modern hotel guestroom bathroom vanity walls, boutique hospitality suite mirror positions, and contemporary property bathroom lighting installations where a three-shade prism block vanity light brings a solid, architectural block form to the bathroom wall above the mirror.
