PRODUCT

ANGLED SINGLE BOWL KITCHEN SINK

SH-110

DESCRIPTION

This Angled Single Bowl Kitchen Sink is formed from a solid surface material with a satin finish and a single deep bowl with an angled interior base that slopes toward the drain on a drop-in countertop installation. At 24 inches wide and 18 inches front to back, it suits hotel kitchen prep counters, hospitality staff pantry installations, and commercial food service areas where a single bowl kitchen sink with an active drainage slope is the practical fixture requirement.
