PRODUCT

COMPACT ROUND VESSEL SINK

SH-109

DESCRIPTION

This Compact Round Vessel Sink is formed from a solid surface material with a polished finish and a circular bowl that sits above the countertop as a vessel installation at a compact 14-inch diameter. At 5 inches deep, it suits smaller hotel guest bathroom vanity positions, compact ensuite basin installations, and boutique hospitality bathrooms where a vessel sink is the design intent but the counter space available is limited.
