SH SARA HOSPITALITY

PRODUCT

INTEGRATED COUNTERTOP SINK

SH-103

DESCRIPTION

This Integrated Countertop Sink is formed from a solid surface material with the sink basin carved directly from the same countertop slab, finished to a high polish across the full surface. At 37 inches wide and 22 inches front to back, it suits hotel suite bathrooms, spa facility washrooms, and boutique hospitality bathroom installations where a seamless countertop and basin in a single continuous surface is the design intent.
