SH SARA HOSPITALITY

PRODUCT

SQUARE VESSEL BASIN SINK

SH-106

DESCRIPTION

This Square Vessel Basin Sink is formed from a solid surface material with a high-polish finish and a square bowl that sits above the countertop as a vessel installation. At 16 by 16 inches and 6 inches deep, it suits boutique hotel bathroom vanity positions, spa reception washroom installations, and design-led hospitality bathrooms where a square above-counter vessel sink brings a geometric, considered form to the basin position.
