PRODUCT

TEXTURED ROUND BASIN SINK

SH-107

DESCRIPTION

This Textured Round Basin Sink is formed from a solid surface material with a textured exterior surface and a smooth polished interior bowl on a countertop drop-in installation. At 18 inches in diameter and 6 inches deep, it works well in boutique hotel bathroom vanity positions, spa facility basin installations, and design-led hospitality bathrooms where a basin with a textured outer surface brings a material detail to the vanity position.
