CORNER PANEL GRANITE SHOWER SURROUND

SHFFETSS001

DESCRIPTION

This Alcove Tub Shower Surround installs across all three walls of a standard alcove tub-shower combination enclosure with a smooth panel surface covering the full wall height from the tub deck to the ceiling, accommodating both tub bathing use and overhead shower use within the same alcove enclosure. Covering all three alcove walls at full height with a waterproof panel surface designed for combined tub and shower water exposure, it suits hotel guestroom tub-shower combination installations, boutique hospitality suite bathroom fit-outs, and upscale property bathroom renovations where a single surround panel system handles both bathing and showering water exposure across the full alcove wall height.
