SH SARA HOSPITALITY

PRODUCT

FULL WALL GRANITE TUB SURROUND

SHFFETSS004

DESCRIPTION

This Full Wall Tub Surround installs across all three walls of a standard alcove tub enclosure with a smooth panel surface covering the full wall height from the tub deck to the ceiling or top trim line, replacing the tiled or builder-grade surround with a clean, low-maintenance panel system. Covering the back wall and both side walls of the tub alcove at full height, it suits hotel guestroom bathtub alcove renovations, boutique hospitality suite bathroom fit-outs, and upscale property tub surround replacements where a three-wall panel system delivers a clean, grout-free tub surround surface across the full tub enclosure.
