SH SARA HOSPITALITY

PRODUCT

GLASS ENCLOSURE GRANITE TUB SURROUND

SHFFETSS005

DESCRIPTION

This Glass Enclosure Tub Surround combines wall panel coverage on the tub alcove walls with a glass panel enclosure at the open tub side, providing a complete tub surround system with both wall surface coverage and a clear glass barrier at the tub entry. Covering the alcove walls in smooth panel and the open side in a clear glass panel, it suits hotel guestroom enclosed tub installations, boutique hospitality suite bathroom fit-outs, and upscale property bathroom renovations where a combined panel and glass enclosure delivers a complete, water-contained tub surround without a separate tub door or curtain rod.
