PRODUCT

HORIZONTAL PATTERN QUARTZ TUB SURROUND

SHFFETSS010

DESCRIPTION

This Horizontal Pattern Tub Surround installs across the three walls of a standard alcove tub enclosure with a panel surface finish featuring a horizontal linear pattern that adds visual texture and direction to the tub wall surface without the maintenance of a textured grout joint or embossed tile. Covering the full height of all three tub alcove walls with a consistent horizontal pattern across the panel surface, it suits hotel guestroom bathtub alcove installations, boutique hospitality suite bathroom fit-outs, and upscale property tub surround renovations where a patterned panel surface delivers visual interest on the tub walls without the maintenance cost of a patterned tile installation.
