SH SARA HOSPITALITY

PRODUCT

RECESSED NICHE QUARTZ SHOWER SURROUND

SHFFETSS009

DESCRIPTION

This Recessed Fixture Shower Surround installs across the shower walls with pre-formed recessed niches built into the panel system on the back wall, providing built-in storage positions for soap, shampoo, and personal care items within the shower wall without a separate shelf unit or add-on niche installation. Covering the full shower wall height with integrated recessed niches at usable positions on the back wall panel, it suits hotel guestroom shower installations, boutique hospitality suite bathroom fit-outs, and upscale property shower renovations where a surround with built-in recessed niches delivers integrated guest amenity storage within the shower wall as part of the panel installation.
