SLIDING DOOR QUARTZ TUB SURROUND

SHFFETSS011

DESCRIPTION

This Sliding Door Tub Surround combines alcove wall panel coverage on the three tub walls with a sliding glass door system at the open tub side, providing a complete tub enclosure with smooth panel walls and a sliding glass door entry as a single coordinated installation. Covering all three alcove walls in smooth panel and the open side with a sliding glass door on a top-and-bottom track, it suits hotel guestroom enclosed tub installations, boutique hospitality suite bathroom fit-outs, and upscale property bathroom renovations where a combined panel and sliding door system delivers a complete, contained tub enclosure without a curtain rod or hinged door swing.
